# Introducing the Kingsley to Category C

Introducing our brand new first of its kind Cat C Widebeam boat. Based on our best selling Kingsley range, and incorporating a number of bespoke design features unique to this boat. Category C boats are built for inshore cruising and consequently are built to withstand a wind force level of 6 and a wave height of 2m. One of the modifications that has been made to this usually Cat D barge, is the addition of a chine on the hull.
