# Introducing the Westminster Range

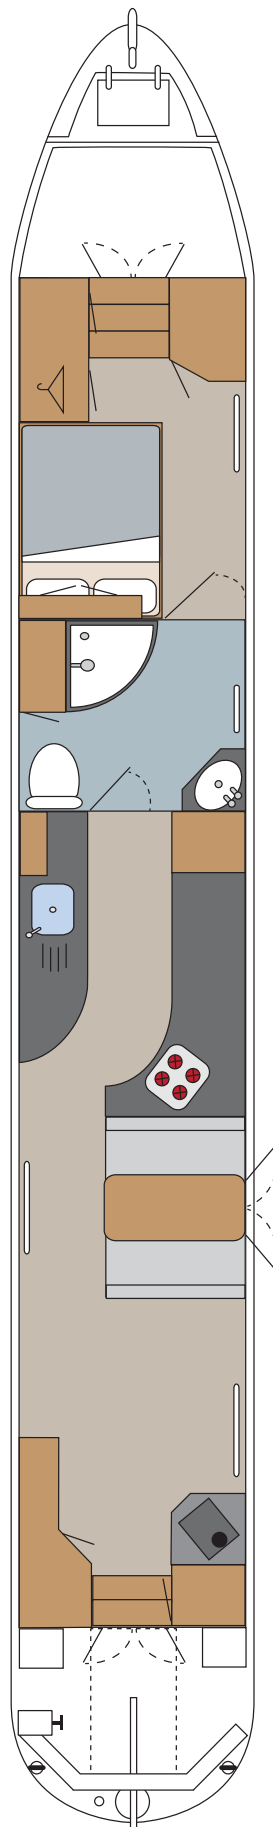

A truly aspirational range of fully fitted luxury narrowboats from the highly respected Elton Moss Boatbuilders. The standard range comprises 50ft, 58ft, and 60ft models but we would be pleased to quote for other lengths. Traditionally, the Westminster has a rear bedroom, forward of which is a full width walk through bathroom, followed by the walk through galley featuring stylish curved counter tops leading to the spacious lounge / dining area. Alternatively, it can be built reversed with forward bedroom and rear lounge. The standard interior is lined in oak but other finishes are available. In addition to the high standard of specification and finish a comprehensive list of upgrades and options allow you to create a truly bespoke craft.
